M Ecône, September 7<sup>th</sup>, 2012

Dear Rev. Father Couture,

Please find here a short summary of what I said to Father Chazal, during our interview that took place at Ecône on Tuesday August 28<sup>th</sup> (if I remember)

"1) I understand your thinking against an agreement with the modernistic Rome. I too am against it; and everybody knows that I efficiently manifested my opposition against any agreement without any sign of conversion of the Conciliar Rome.

2) But I disagree with your means and ways. In the little army of the Society of Saint Pius X, you are a simple soldier, not a captain. Please remain in your place. There are captains, who can efficiently act by the General.

[I meant the District Superiors and our Bishops]

3) Please behave like/as a simple soldier and have full confidence in the action of the captains by the General. They will surely usefully intervene when necessary."

Dear Father, I hope that this truth about my interview with Fr Chazal will make peace in truth in the minds of our beloved Faithful.

May Our Lady, who protected us against the peril of being divided by Rome's attempts, keep all our Faithful in the peaceful confidence in Her!

Your faithfully in Christ the King
